WELCOME LETTER

On behalf of the Willie Stargell Foundation's Board Chair, Draughon Cranford, and our Board of Directors, welcome to the 21st Annual Willie Stargell Celebrity Invitational Gala. I am so humbled and thankful for our sponsors, donors, celebrities, board of directors, committee members and volunteers. Because of you, we are stronger than ever in continuing our mission to honor and remember Willie, while raising money to assist those living with kidney disease. Your unwavering support and dedication is amazing, and my heart is filled with overwhelming gratitude.

Willie passed away on April 9, 2001, after a valiant fight with kidney disease. In 1996, Willie went into renal failure at Duke Hospital. I can vividly recall the doctor's facial expression when he had to tell baseball great Willie Stargell he would need to go on dialysis. I can also clearly remember Willie's incredibly calm reaction. He handled it with grace and resolved to fight this insidious disease with amazing courage. Just one year later, Willie would go back to work with his beloved Pittsburgh Pirates, thanks to then owner, Kevin McClatchy. Whether in Wilmington, Pittsburgh, Bradenton, Cooperstown, or even when traveling out of the country, Willie would quietly disappear three times a week for several hours to undergo his dialysis treatments. He never once complained.

During the five years Willie was in and out of the dialysis unit in Wilmington that now bears his name at Novant Health, he often said he wished patients could be warmer during treatments and had

something to occupy their minds to make them more comfortable during those long hours. It was in remembering Willie's wishes that the Willie Stargell Foundation was established in Wilmington, NC in 2002. So much has been done to assist those living with kidney disease, thanks to our very generous supporters of the Willie Stargell Foundation. It is our mission to continue honoring Willie's legacy in the manner and grace by which he lived his life...helping others.

A very special thank you to our 2023 presenting sponsor, Novant Health. Since the Willie Stargell Foundation's inception in 2002, we've had a longstanding partnership with our local hospital. This year, Novant Health stepped up to the plate, with bases loaded, and knocked it out of the ballpark. We are extraordinarily grateful to have this leading healthcare provider's continued support to ensure quality care for those living with kidney disease.

Another very special thank you to our 2023 VIP Sponsor and Celebrity Reception Sponsor, Ruth's Chris Steakhouse. We are very thankful for their continued support and sponsorship by choosing to again host our Friday night event. Thank you, Steve and Jim for your commitment to be an ongoing partner of the Willie Stargell Foundation.

For the past 21 years, the Hampton Inn & Suites Wilmington/Wrightsville Beach has been the host home to our celebrity guests, thanks to the incredible generosity and kindness of Ian Sauer and his team. Ian, known to many of us as

"hello my name is Ian" recently retired, and as such, we say thank you Ian for all that you have done for the Willie Stargell Foundation.

A heartfelt thank you to our celebrities this year. To those of you who return year after year, we thank you for your dedication and commitment. For those of you joining us for the first time, welcome! We hope you will feel the sense of family, because truly, We Are Family.

Sadly, we lost three of our celebrities this year. Larry "Gator" Rivers, Vida Blue and Harvey Glance will always be remembered for their dedication and commitment to this event, and they will forever be missed. Thank you, Gator, Vida, and Harvey for all of your love and laughter.

In closing, and as always, I share these thoughts. Willie truly loved spending time with family and friends. He loved to laugh and to make others laugh. He was kind and generous and always looked for the best in people. He reminded us often to keep things simple, as life is complicated enough. If he were with us today, he would certainly encourage us to seek and find solace in the little things that bring us joy. Willie believed in living life to its fullest and would be so honored to know his legacy lives on by helping others. If he could speak to us right now, he would tell us to laugh hard, eat, drink, and be merry; and most importantly;

HE would humbly say...

THANK YOU!

TRIBUTE TO WILLIE

Known for his monstrous home runs, Willie “Pops” Stargell crushed 475 career home runs during his 21-year baseball career with the Pittsburgh Pirates (1962-1982). An intimidating left-handed hitter, Willie hit 7 of the 16 balls ever knocked completely out of Forbes Field. When most batters would use a simple lead-weighted bat in the on-deck circle, Willie warmed up with a sledgehammer.

Willie helped the Pittsburgh Pirates capture two World Series titles (1971, 1979). His father-figure status earned him the nickname “Pops”. He was known to award his teammates gold Stars to place on their hats for a good play or game.

Willie Stargell was inducted in the National Baseball Hall of Fame in 1988.

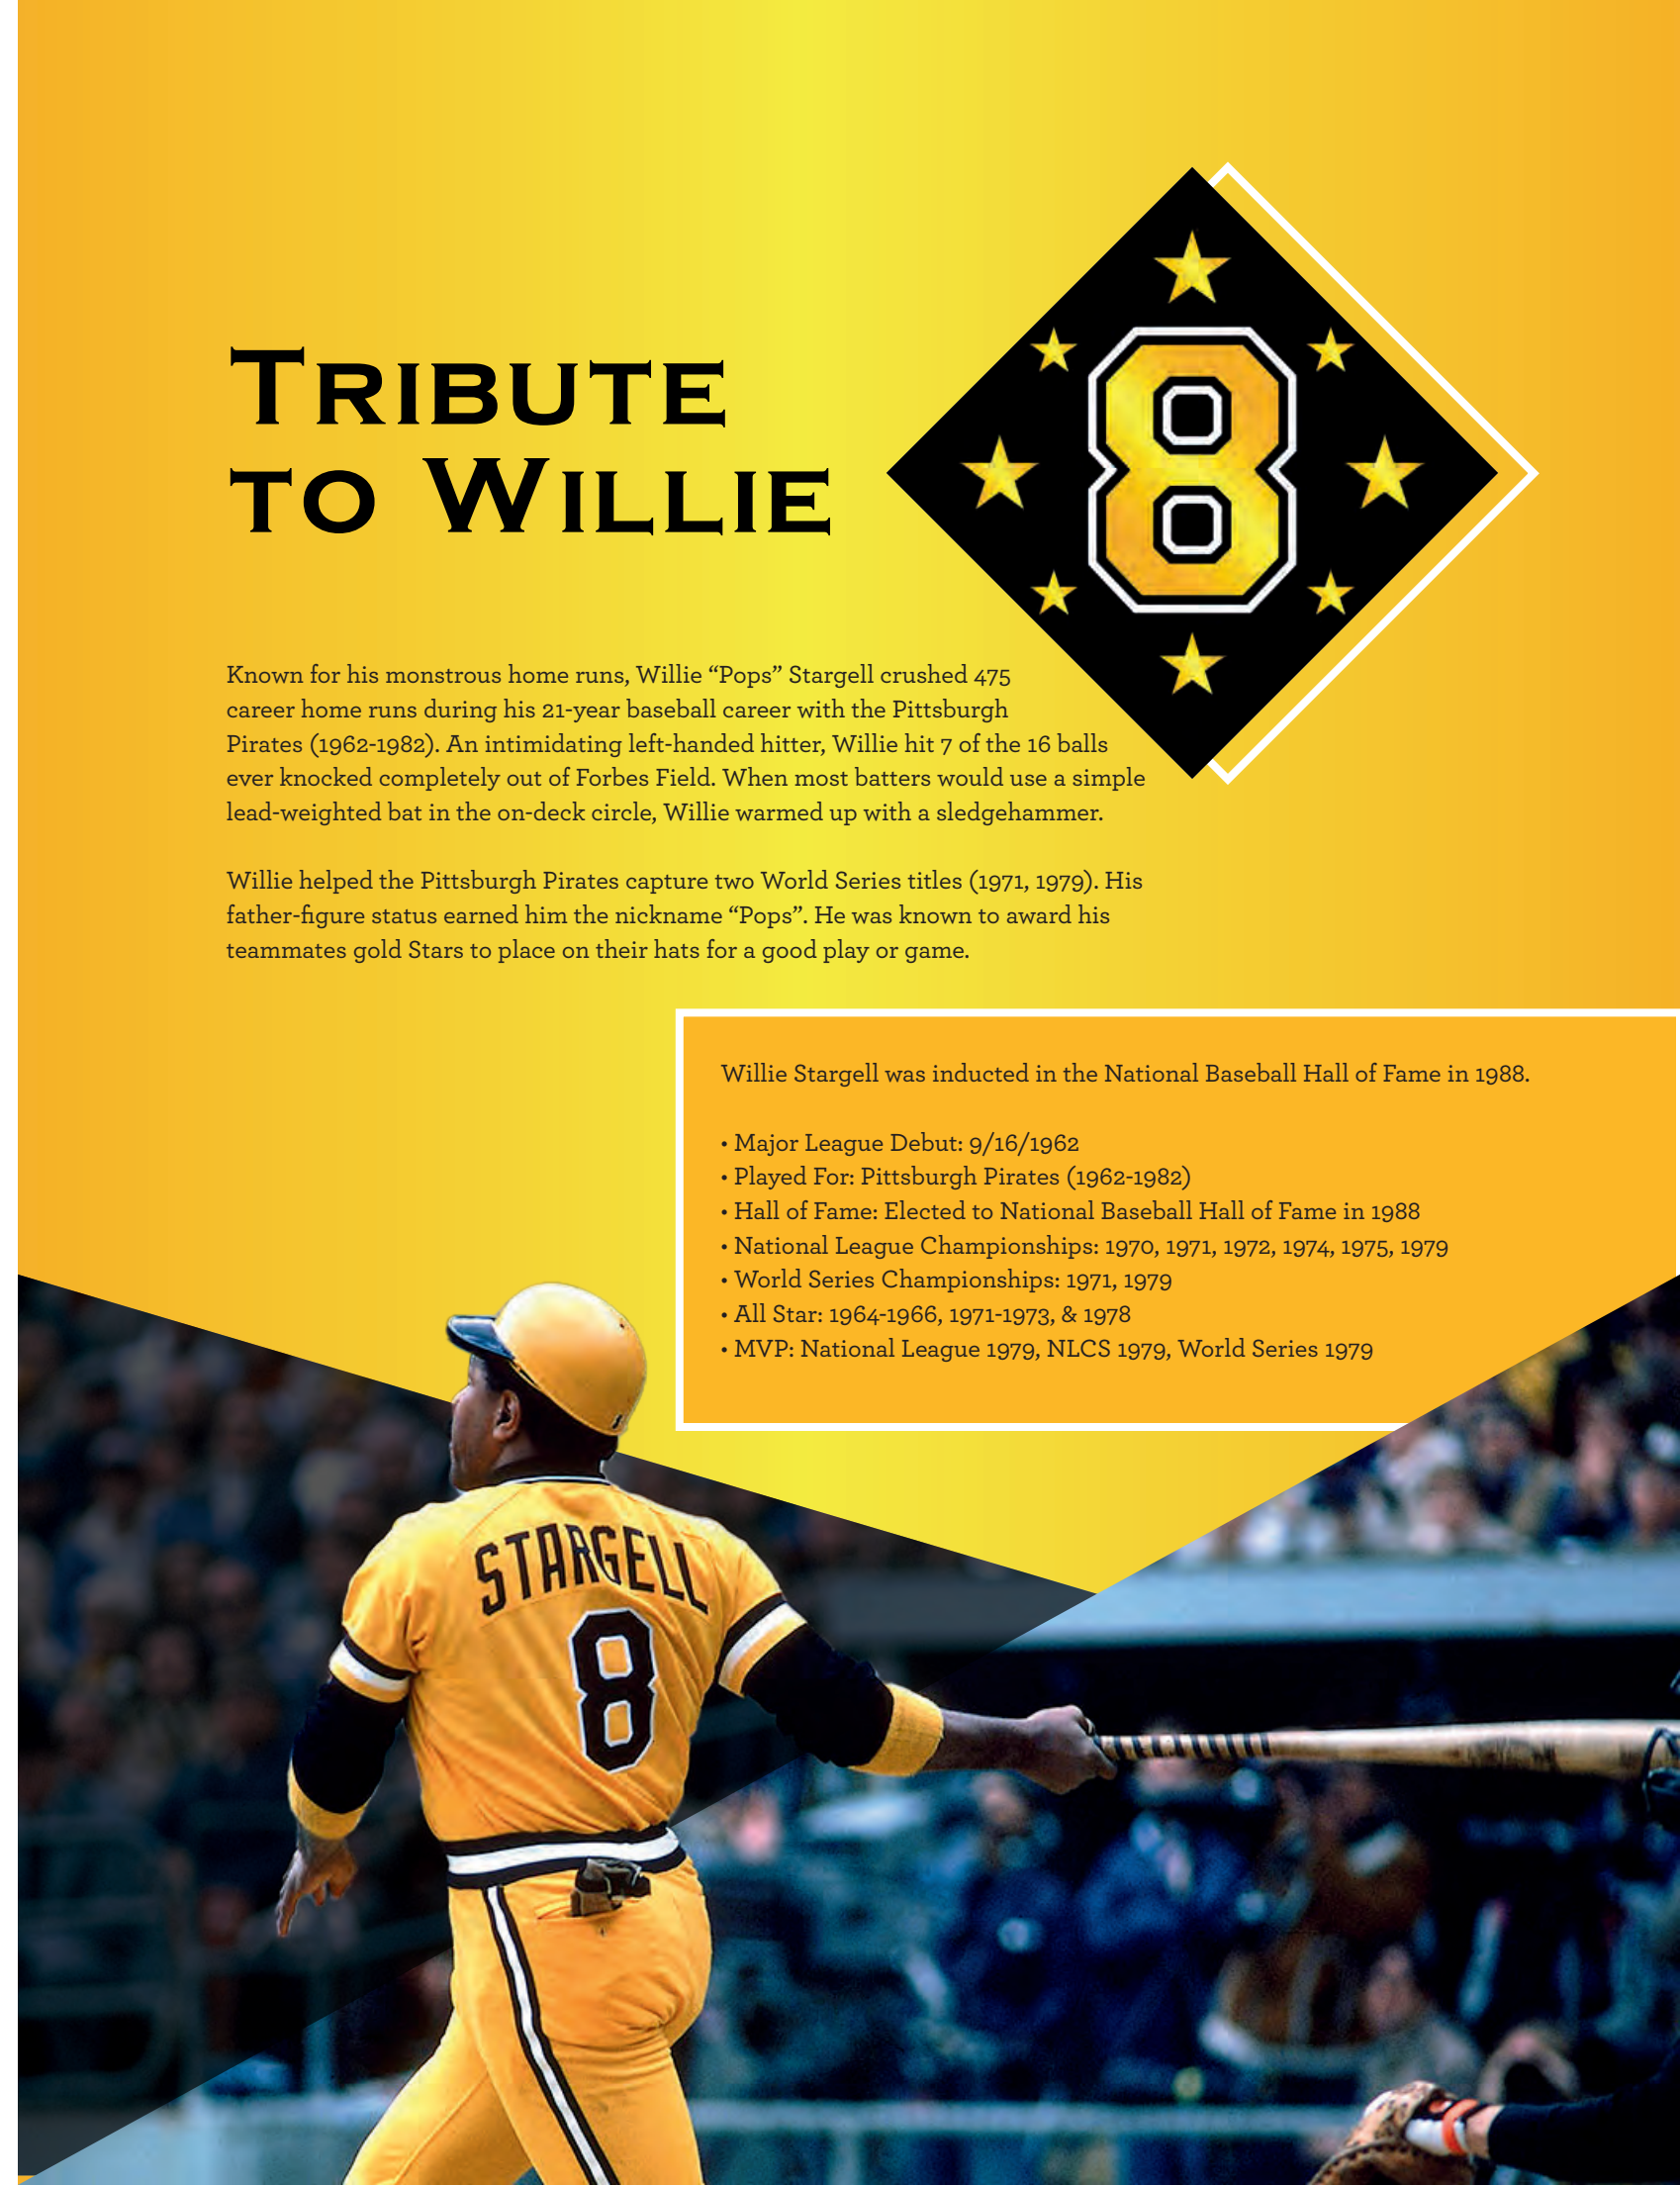

- Major League Debut: 9/16/1962
- Played For: Pittsburgh Pirates (1962-1982)
- Hall of Fame: Elected to National Baseball Hall of Fame in 1988
- National League Championships: 1970, 1971, 1972, 1974, 1975, 1979
- World Series Championships: 1971, 1979
- All Star: 1964-1966, 1971-1973, & 1978
- MVP: National League 1979, NLCS 1979, World Series 1979

ABOUT KIDNEY DISEASE

When people develop chronic kidney disease (CKD), their kidneys become damaged and over time may not clean the blood as well as healthy kidneys. If kidneys do not work well, toxic waste and extra fluid accumulate in the body and may lead to high blood pressure, heart disease, stroke, and early death. Kidney disease is the fastest-growing noncommunicable disease in the U.S.

- 9 out of 10 people with kidney disease are unaware they have it.
- There are 92,000 Americans on the kidney transplant waiting list in 2022, but in 2021, only 1 in 5 - were able to get a kidney.
- About 1 in 3 adults with diabetes and 1 in 5 adults with high blood pressure may have kidney disease.
- Kidney disease is slightly more common in women than men.
- The shortage of available donor kidneys means that the majority of people who develop kidney failure are treated with dialysis. In 2019 (most recent data), of the 135,000 Americans newly diagnosed with kidney failure, only 4,022 were able to receive a preemptive kidney transplant.

Nearly
810,000
Americans are living
with kidney disease.

DID YOU KNOW?

- Kidney disease is a silent killer, usually with no signs or symptoms until late stages.
- Diabetes and high blood pressure are the more common causes of CKD in adults. Other risk factors include heart disease, obesity, a family history of CKD, inherited kidney disorders, past damage to the kidneys, and older age.
- Simple blood and urine tests can tell how well your kidneys are working. If you're at risk, talk to your doctor about getting tested.
- Early detection saves lives. When caught and treated early, it's often possible to slow or stop the progression of kidney disease and avoid serious complications.
- Being physically active, keeping a healthy weight, consuming a healthy diet, and getting tested for kidney disease can help protect your kidneys.

NCINO IS A PROUD SUPPORTER OF THE WILLIE STARGELL FOUNDATION

OUR MISSION —

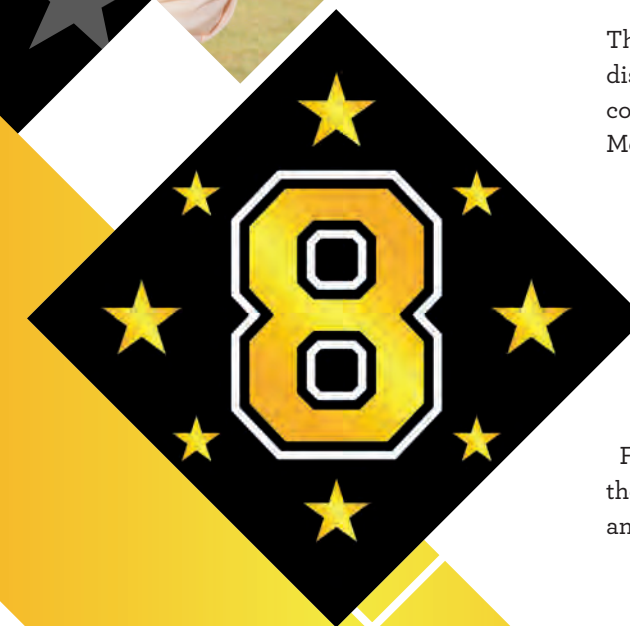

The Willie Stargell Foundation was founded in 2002. Honoring the legacy of Willie Stargell by giving hope through research, patient care, and treatment for those living with kidney disease.

ABOUT US —

The Willie Stargell Foundation supports programs focusing on kidney disease research, patient care, and easing the financial burden of medical costs for patients facing kidney disease, in honor of Baseball Hall of Fame Member Willie Stargell of the Pittsburgh Pirates.

Stargell passed away in 2001 after a lengthy battle with renal failure. Having spent the last five years of his life receiving dialysis treatments, it was his desire that patients who need dialysis are able to receive it, and that it be done in a comfortable and relaxed setting. Stargell's widow, Margaret Weller-Stargell, wanted to do everything in her power to make his wishes come true.

Funds for the foundation are raised through fundraising events such as the Willie Stargell 5K Road Race, Willie Stargell Celebrity Invitational, and private donations.
